

CITY OF TUSTIN ASSEMBLY BILL 827 (AB 827) COMPLIANCE GRANT APPLICATION FORM

Background: AB 827 requires fast casual restaurants to provide trash, recycling, and food waste recycling receptacles in the lobby areas for use by customers. As of July 1, 2020, fast-casual restaurants must place food waste recycling and conventional recycling containers next to every trash container in the dining area of your business. The City is providing a grant program to reimburse up to two-thirds of the cost of procuring AB 827-compliant receptacles with trash, recycling, and food waste recycling compartments, with a \$500 limit per restaurant. For example, if the cost of receptacles is \$300, the City would reimburse your business two-thirds of that cost, or \$200. If the receptacles cost \$1000, the City would reimburse your business \$500 because two-thirds of \$1000 is \$666.67, which is more than the \$500 maximum amount allowed.

Eligible Applicants: Fast-casual restaurants where customers ‘bus’ their own waste, including food waste and recyclables, after dining.

Instructions:

1. Please read the AB 827 information flyer carefully to ensure your business is eligible for this grant and that the receptacles you purchase will be eligible for reimbursement.
2. Complete the business information section of the application below.
3. Provide proof of purchase and photo-documentation of the receptacle to confirm that it complies with AB 827.
